Business Service Plan for Buyers From Italy to the 133rd Canton Fair

China Import and Export Fair, also known as the “Canton Fair”, is a critical window of China’s opening up and an important platform for China’s foreign trade. Renowned as “China’s No. 1 Fair”, it plays a key role in advancing the economic and trade exchanges between China and the rest of the world. The 133rd Canton Fair is scheduled to be held both online and onsite in April. This session will fully resume its former onsite exhibition after being held online for six sessions in the past three consecutive years. Chinese and foreign business people can not only communicate online, but also face to face.

To facilitate the attendance of Italian friends, we provide customized service plans on options of flights, hotels, land transportation, business visits, ticketing & meals for your reference. We wish you a smooth trip & look forward to meeting you in Guangzhou. Welcome to the 133rd Canton Fair!
